# A Cut ABOVE

**W**e're approaching that time  
of the year again when  
seasons change and a  
re-assessment of your sartorial options  
is in order. Here's how to make waves  
with the almighty suit — the pillar of  
every man's wardrobe.

## DUAL CORE

We're celebrating the  
return of the double-  
breasted suit. But here's  
how to make it work  
doubly hard for you:  
Wear the jacket alone,  
as part of a contemporary  
two-toned outfit — the  
result is twice the fun.

Wool double-breasted blazer,  
price unavailable, by LOUIS  
VUITTON. Wool-jersey  
Henley long-sleeved tee and  
wool-jersey sweatpants,  
prices unavailable, both  
by BOTTEGA VENETA.  
Calf leather boots, price  
unavailable, by GIORGIO  
ARMANI.

## DARK KNIGHT

What separates this classic black suit from the rest is the attention paid to the smallest details. Supple leather lapels on the jacket? We're sold.

Black wool evening blazer with calf leather lapel, \$4,780, black wool evening trousers with calf leather waistband, \$1,290, black cashmere mock turtleneck, price unavailable, all by GUCCI.

**LOOSEN  
UP**

Fit is deeply personal. Some guys will always like their clothes snug; others were born to let it all hang loose. But if trends matter to you, know that men's fashion is slowly easing up on the proportions, allowing a freedom of movement not seen since the 1990s. Looks like the "hang loose" camp is on to something.

Jacket (\$2,895), shirt (\$1,095), trousers (\$1,195), and shoes (\$1,095) by Giorgio Armani.

**ERMENEGILDO ZEGNA  
COUTURE**

Wool and cashmere coat, wool  
three-piece suit, and cotton and  
silk shirt.

*Professionalism comes to mind  
when you look at Ermenegildo  
Zegna suits. However, the label's  
couture line acts as a contrast  
with its unconventional outerwear  
styles. Redefining masculinity in its  
own way, this wool and cashmere  
coat lends a sense of liberation  
when worn.*

## SAINT LAURENT

Wool coat, cashmere jumper and silk shirt.

*We'd be lying if we didn't admit that Saint Laurent definitely isn't for the average Joe. It takes a certain kind of attitude to pull off a red lumberjack coat. And if you're daring enough to give it a try, take baby steps by picking trousers in a dark, solid colour to match.*

ALGA

**DSQUARED2**

Wool jacket, cotton shirt with tie bar, wool trousers, silk tie and leather belt.

*DSQUARED2 is for the man who appreciates the details that make an outfit look a little less put together. The pockets on the wool jacket are reminiscent of a utility jacket and the belt worn off-centre exudes a devil-may-care attitude*
